

CERTIFICATION ALERT

Connecticut Educator Certification News from
The Connecticut State Department of Education

Updated August 2014

SUBJECT AREA ASSESSMENT EXCELLENCE SCORES

Adopted by the State Board of Education on June 2, 2010

In accordance with Public Act 09-01, commencing July 1, 2010, candidates for certification in designated shortage areas are allowed to substitute the achievement of excellence scores on the State Board of Education approved subject area assessment(s) appropriate to the certification endorsement sought, in lieu of a subject area major or subject area coursework required in statute, or in the Regulations of State Agencies Concerning State Educator Certificates, Permits and Authorizations. Excellence scores may NOT be substituted for pedagogical coursework required in regulations. Excellence score may also be accepted by the Department in lieu of content area coursework required for issuing a cross-endorsement. Educator preparation institutions and alternate route programs have the option to accept excellence scores in lieu of subject area major or minimum subject area coursework requirements; however, use of this option is at the discretion of each preparation institution or program.
